Customer Journey Map

Map out the customer's experience stage-by-stage, capturing their actions, touchpoints, thoughts, and feelings, along with process ownership and improvement opportunities at each stage.

Phase of Journey	Stage 1	Stage 2	Stage 3
Actions	User enters Life Expectancy, Expected & Mean schooling and GNI values.	System processes the data using the ML model and predicts the HDI.	User views the predicted HDI and analyzes the result.
Touchpoint	Web application Input form.	ML prediction engine (Flask application).	Results page displaying the predicted HDI.
Customer Thought	I hope I entered the values correct.	Will The prediction be accurate?	Now I understand the country's development level.
Customer Feeling	Curious and Interested	Hopeful and slightly Anxious.	Satisfied and confident with the prediction.
Process Ownership	User	Machine Learning prediction system	User / Researcher
Improved Opportunities	Simple and Userfriendly input form	Improve prediction accuracy and reduce processing time	Display additional insights,charts,and recommendations
