

Project Demo Planning

Date	15 July 2026
Team ID	XXXXXX
Project Name	A Comprehensive Measure of Well-Being
Maximum Marks	1 Mark

Project Demo Planning:

S.No	Demo Section	Description	Duration (mins)
1	Introduction	Introduce the project, objectives, Human Development Index concept, and problem statement.	5 min
2	Dataset & Model Training	Explain the HDI dataset, preprocessing, feature selection, machine learning model training, and model serialization.	7 min
3	Flask Web Application	Demonstrate the Flask application, user interface, and input form for HDI prediction.	10 min
4	Live Prediction	Perform real-time Human Development Index prediction using sample input values and display the prediction result.	10 min
5	Results & Performance	Present prediction results, model performance, evaluation metrics, and application output.	8 min
6	Conclusion & Future Scope	Summarize the project, discuss benefits, future improvements, and answer questions.	5 min

Demo Flow Summary:

Step	Activity	Notes
1	Introduction & Problem Statement	Explain the importance of Human Development Index prediction and the project objective.
2	Solution Overview	Describe the dataset, preprocessing, machine learning model, and Flask architecture.
3	Live Feature Demonstration	Enter HDI input values, predict the Human Development Index, and display the result.
4	Q&A Session	Explain implementation details, evaluation metrics, project benefits, and future scope.
